- E. Cole Nickerson reported that the 2022 baseball season was very successful financially with \$23,000 in the account. Cole presented to the board different configuration for the Shauna Kester field. The configuration that would be best suitable, would be rotating the field, with placement of home plate on the south side of the field. They would like to replace fencing, move bleachers, move the scoreboard, move dugout and add aggregate dirt to the field. They would hire someone to move sprinklers. They will apply for a matching facility and field grant in the amount of \$10,000 paid by the Kansas City Royals. In order to receive the grant, they need a 501c to apply. They have reached out to the Park Foundation and the Foundation has agreed to be the 501c needed for application of the grant. The light fixtures on poles are out and will be replaced at a later time with LED lighting. Fundraisers such as a silent auction have been discussed and would like to receive additional funds in the amount of \$10,000.00.
